

KBPS 2021-2022 Covid Procedures

Revised August 20th

PROCEDURE # 1

AN UNVACCINATED PERSON IN OUR HOUSEHOLD, HAS BEEN EXPOSED TO COVID-19 (WITH OR WITHOUT SYMPTOMS).
WHEN SHOULD THEY GET TESTED?

- ✓ Return to school when the exposed person gets a **NEGATIVE (-)** PCR result.
- ✓ Provide the office with the test result(s) before returning to school.
- ✓ If you choose not to test, students must quarantine for the full 14 days.
- ✓ Siblings of an exposed student must also remain home although siblings do not need to test as long as the exposed person tests negative. If the exposed student is not tested, then the sibling must also remain home for 14 days.
- ✓ Advise the office of any symptoms that may arise during the quarantine period.
- ✓ Decisions regarding class closures will be made on a case-by-case basis.

**If you or your child develop symptoms at any time, isolate from others and get tested.*

**A negative test result indicates that you did not have COVID-19 at the time of testing. COVID-19 could still develop during the 14-day period after exposure, so continue to take steps to protect yourself and others.*

PROCEDURE # 2

(for instance, a parent is exposed at work or older vaccinated sibling exposed at school)

A VACCINATED PERSON IN OUR HOUSEHOLD HAS BEEN EXPOSED TO COVID-19
(WITHOUT SYMPTOMS).
WHEN SHOULD THEY GET TESTED?

- **Provide school with proof of vaccination for the person who was exposed.**
- **No Further action is necessary**

OR

- **Follow PROCEDURE# 1**

**If you or your child develop symptoms at any time, isolate from others and get tested.*

**A negative test result indicates that you did not have COVID-19 at the time of testing. COVID-19 could still develop during the 14-day period after exposure, so continue to take steps to protect yourself and others.*

PROCEDURE # 3

MY CHILD TESTED POSITIVE FOR COVID-19.
WHEN CAN HE OR SHE RETURN TO SCHOOL?

REMAIN ISOLATED

CHILD TESTED
POSITIVE (+)

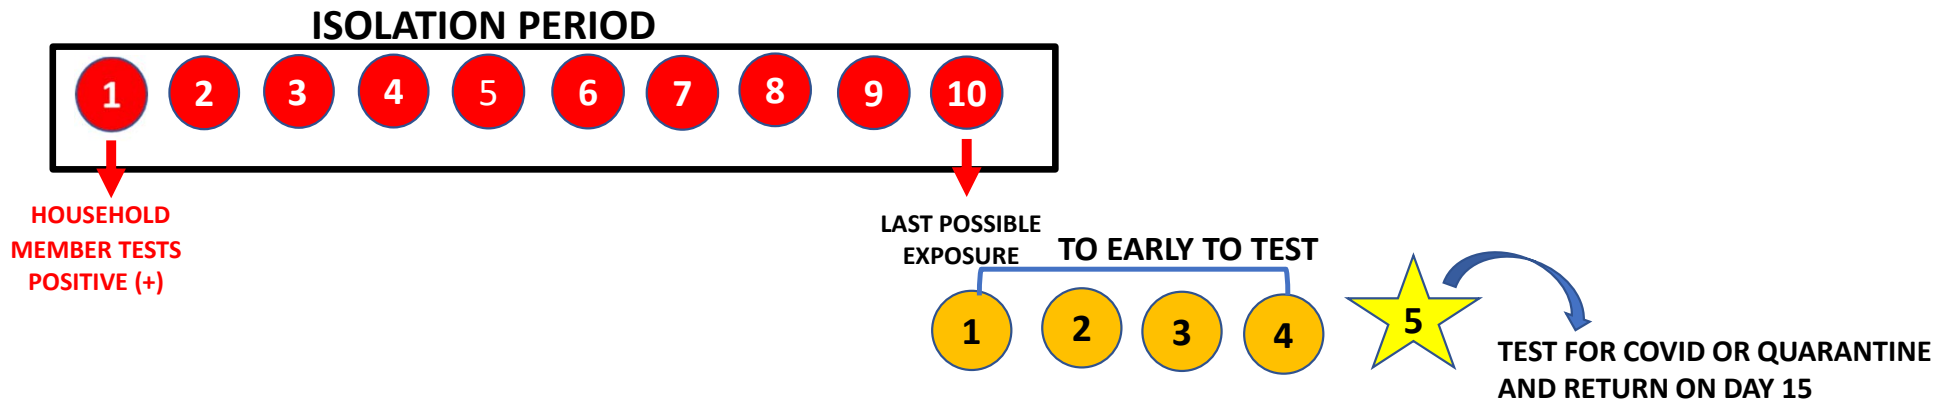

- Your child may return to school as long as symptoms have improved, and your child has been **FEVER-FREE** for 24 hours **WITHOUT** medication.
- Repeat testing is not required to return to school after the 10th day.
- Any siblings of the child who tested positive must remain home according to **PROCEDURE #4**

**If you or your child develop symptoms at any time, isolate from others and get tested.*

**A negative test result indicates that you did not have COVID-19 at the time of testing. COVID-19 could still develop during the 14-day period after exposure, so continue to take steps to protect yourself and others.*

PROCEDURE # 4

SOMEONE IN OUR HOUSEHOLD TESTED POSITIVE FOR COVID-19.
WHEN CAN MY CHILD RETURN TO SCHOOL?

- Your child may return to school after testing **NEGATIVE (-)** for Covid-9 (PCR only) according to the above timeline.
- Provide the office with the test results before returning to school.
- If you choose not to test, quarantine for the full 14 days after last possible exposure date (as in PROCEDURE #1).

**If you or your child develop symptoms at any time, isolate from others and get tested.*

**A negative test result indicates that you did not have COVID-19 at the time of testing. COVID-19 could still develop during the 14-day period after exposure, so continue to take steps to protect yourself and others.*

PROCEDURE # 5

OUR FAMILY (INCLUDING NON-VACCINATED CHILDREN) RETURNED FROM AN INTERNATIONAL TRIP.
WHEN CAN MY CHILD RETURN TO SCHOOL?

**This applies to international travel only. Domestic travel does not impact you child's attendance regarding the COVID procedures at this time.*

- Your child may return to school after testing **NEGATIVE (-)** for COVID-19 (PCR only) according to the above timeline.
- Provide the office with test results before returning to school.

**If you or your child develop symptoms at any time, isolate from others and get tested.*

**A negative test result indicates that you did not have COVID-19 at the time of testing. COVID-19 could still develop during the 14-day period after exposure, so continue to take steps to protect yourself and others.*

PROCEDURE # 6

A FULLY VACCINATED MEMBER OF OUR HOUSEHOLD RETURNED FROM TRAVEL (YOUR CHILD DID NOT TRAVEL).

**This applies to international travel only. Domestic travel does not impact you child's attendance regarding the COVID procedures at this time.*

- **Provide school with proof of vaccination.**
 - **No further action is necessary,**
- OR**
- **Follow PROCEDURE #5**

**If you or your child develop symptoms at any time, isolate from others and get tested.*

**A negative test result indicates that you did not have COVID-19 at the time of testing. COVID-19 could still develop during the 14-day period after exposure, so continue to take steps to protect yourself and others.*

PROCEDURE # 7

MASK USAGE AT SCHOOL

- **Fully vaccinated teachers will wear masks indoors except during interactions that may be critical for building pre-reading and reading skills.**
- **No one will be required to wear a mask outdoors.**
- **Non-vaccinated individuals, including students 3 years and older, must wear a mask indoors except when eating or drinking.**

**If you or your child develop symptoms at any time, isolate from others and get tested.*

**A negative test result indicates that you did not have COVID-19 at the time of testing. COVID-19 could still develop during the 14-day period after exposure, so continue to take steps to protect yourself and others.*
